Regina Catholic School Division Vaccination or Testing Procedure

October 20, 2021

The Regina Catholic School Division has created an administrative procedure for vaccination or regular COVID-19 testing for their employees, contracted workers and volunteers.

We are asking employees and volunteers to make a choice: show proof of being fully vaccinated for COVID-19 or regularly provide evidence of a negative COVID-19 test result.

The full administrative procedure for the Regina Catholic School Division will come into effect Monday, November 22, 2021. This provides enough time for anyone currently unvaccinated to choose to become fully vaccinated before it is a requirement.

It will impact all adults who work in or wish to volunteer in our schools, central office, other facilities, and school buses. This includes all employees, all contracted workers, and all scheduled volunteers coming into our buildings. It **does not** apply to students, or to parents attending extra-curricular events in our schools.

All our employee groups and other workers in our division are aware of the details. Parents who wish to volunteer in our schools can contact their principal to share their proof of vaccination.

We thank you in advance for your support of this procedure, designed to prioritize the safety of our students, staff and families. The official administrative application was uploaded to our website today.
